Aniruddha Mysore, Web Developer, Student, Entrepreneur

aniruddha.mysore@gmail.com | Bangalore, India
https://github.com/animysore74 | https://linkedin.com/in/animysore | http://thenewcon.com

SUMMARY

I am a student pursuing an undergraduate degree in PESIT Bangalore, majoring in Computer Science and Engineering. I am a regular contributor to the open source movement (See Github). I have 3 years experience in Front-End Web Development and am also experienced in Back-End frameworks like Wordpress and am comfortable with PHP and NodeJS. I am a fan of Jekyll and similar Static Site frameworks.

EXPERIENCE

Reap Benefit, Intern   Aug 2016 — Present
http://www.reapbenefit.org/

- Responsibilities include: Building a smart water flow monitor for domestic use Building a pothole-detector app (Working on the Backend) Visualizations of Air Quality Data

KHMD, Web Developer and Graphic Designer   Sept 2015 — Nov 2015
https://khmd.github.io/interface

- Developed the website for KHMD's annual event, Interface and also worked with graphic design. Utilized modern web-technologies like embeded-SVG's to maintain design uniformity across digital and print media and attain interactivity without client-side scripting.
